FLOODS COSTLY

BY THE ASSOCIATED PRESS Flash floods, the product of orrential rains, struck viciously in Texas and South Dakota Sunday. Hundreds were driven from their homes and damage was estimated in the millions of

dollars. The heavy squall of thunder storms that triggered the Texas downpours moved into the East and South Monday. The Weather Bureau warned many areas to expect high winds, thunderstorms and hail.

Thunderstorms were reported early Monday from southern New England to Texas. New York State Police reported what they described as "a terrific windstorm" slash through the southwest corner of the state, downing trees and power lines. One trailer home was flipped 200 feet by the winds, police said.

A big man, 6-feet-3 weighing 250 pounds, Tykocinski walked up to Sgt. Myron H. Tomlinson of Mt. Vernon, Ind., Sunday morning as Tomlinson was shopping in a delicatessen near military headquarters in West Berlin. The Pole said he wanted

political asylum. Tomlinson contacted his superiors in the U.S. Berlin Brigade and they turned the defector over to officials of the U.S.

State Department. A U.S. spokesman said American officials accompanied Tykocinski at his request to his residence in the U.S. sector of West

Berlin for a talk with his wife. "Mrs. Tykocinski did not choose to go with him and his 17-month-old child remains with the mother," the spokesman said.

Contacted by a newsman, Mrs. Tykocinski said: "Call the military mission if you want information."
